

American-Made Geothermal Lithium Extraction Prize Phase I Submission

NOVEL BIOSORBENTS FOR DIRECT LITHIUM EXTRACTION IN GEOHERMAL APPLICATIONS

“BE AN ENERGY AND WATER RECYCLER”

Katz Water Technologies (KWT)
Houston, TX

[Promotional Video](#)

Keywords: Adsorption, bioadsorption, microorganisms, water treatment, biosorbents, bioreactor, fixed column, cell culture, precision separation, hybrid process, geothermal, direct lithium extraction

Key Project Members:

Gary P. Katz

Michael Pavia, Ph.D.

James Martin, Ph.D.

James J. Clarke
